WHAT IS A “DOMESTIC PARTNERSHIP” AS DEFINED IN NEVADA LAW?

A “domestic partnership” in Nevada is a new type of civil contract which grants domestic partners “...the same rights, protections, benefits, responsibilities, obligations and duties as...parties to any other civil contract....”

Domestic partnerships were established in the 75th Session of the Nevada State Legislature as [Senate Bill 283](#) for the purpose of defining the rights and responsibilities of such partnerships. Although [SB 283](#) includes a requirement that parties in a domestic partnership “Have chosen to share one another’s lives in an intimate and committed relationship of mutual caring,” a domestic partnership is not a marriage for the purposes of [Section 21 of Article 1 of the Nevada Constitution](#).

- Neither party is married or a member of another domestic partnership
- Both parties share a common residence
- Both parties sign a declaration that they have chosen to share one another’s lives in an intimate and committed relationship of mutual caring
- Both parties desire of their own free will to enter into a domestic partnership;
